Dear Ed: *Lederberg*

Esther and I are looking forward to our visit to Berkeley for the second summer session, and to seeing you there. Meanwhile, we have started to worry about housing. The California Housing Bureau has sent us a form which we are returning at the same time as this letter, but they apparently are going to want us to close possible agreements at long distance. Could we ask you to do us the great favor of looking in at any apartment that the Bureau may propose? I have asked them to consult either Stanier or yourself, in hopes that one of you might have the time to do this. We should be arriving in Berkeley a day or two before the 2d Session begins.

Best regards from Esther,

Sincerely,

Joshua Lederberg
